An Enquiry Concerning the Principles of Morals is a book by Scottish enlightenment philosopher David Hume. In it, Hume argues that the foundations of morals lie with sentiment, not reason. An Enquiry Concerning the Principles of Morals is the enquiry subsequent to the Enquiry Concerning Human Understanding. Thus, it is often referred to as "the second Enquiry". It was originally published in 1751, three years after the first Enquiry. Hume first discusses ethics in A Treatise of Human Nature. He

An Enquiry Concerning the Principles of Morals - Wikipedia

An Enquiry concerning the Principles of Morals was Hume's third great philosophical work, first published in 1751. Hume's aim in this elegant and lucid work was to present in an accessible way his theory of the foundation of morality in human nature, which had developed significantly since he first addressed the subject in the Treatise of Human Nature (1739/40).

The subject of the Enquiry is the contributions that moral sense and reason make in our moral judgments. Hume claims that moral sense makes the ultimate distinction between vice and virtue, though both moral sense and reason play a role in our formation of moral judgments. Reason is important when we have to make a judgment about what is useful, for reason alone can determine how and why something is useful to us or to others.
