NEW SECOND EDITION 2018 The SECOND EDITION - IATF 16949:2016 Audit Guide and Checklist provides all the information necessary for an in-depth assessment of your ISO 9001:2015 / IATF 16949:2016 Quality Management System. It was written to help auditors conduct a 'process based' audit and stresses process effectiveness as well as compliance. The evidence-based questions start with top management and follow a generic product through the organization. Following the 14 insightful chapters on such topics as process design, process auditing, PDCA, Turtle Diagrams, Context of the Organization and Systems Integration, you can dive into the evidence-based questions. The Part One audit questions examine the complete systems conformity to the standards along with dozens of Best Practice questions to help you better evaluate the effectiveness of the system. The Part Two questions focus in detail on the effectiveness of each individual process in the organization. This Guide covers every requirement in both ISO 9001 and IATF (some, many more than one time) plus current '2017' Customer Specific Requirements (GM, FORD, FCA,

ISO/TS 16949:2002 (TS2) will have a huge impact on the whole of the automobile industry as it formalises, under a single world-wide standard, the quality system that must be met by vehicle manufacturers and their suppliers. This handbook is the only comprehensive guide to understanding and satisfying the requirements of ISO/TS 16949:2002. Written by best-selling quality author David Hoyle (ISO 9000 Quality Systems Handbook) this new book is ideal for those new to the standard or establishing a single management system for the first time, as well as those migrating from existing quality management systems. It will suit quality system managers and quality professionals across the automotive industry, managers and executive level readers, consultants, auditors, trainers and students of management and quality. The only complete ISO/TS 16949:2002 (TS2) reference: essential for understanding both TS2 and ISO 9001:2000 TS2 becomes mandatory for all auto manufacturers and their many thousands of suppliers in 2006 Includes details of the certification scheme, the differences with previous standards, check lists, questionnaires, tips for
