"The Sales Boss: The Real Secret to Hiring, Training and Managing a Sales Team, is a comprehensive guide on how to create a winning sales team. In a company with a sales manager, the hiring, training and success of the sales people lay directly at the feet of the manager. The importance and significance of this role can well be illustrated by a recent study that shows that 95% of the CEOs in mid-size companies have at some point in their career filled the role of Sales Manager prior to being promoted to run the company. Clearly, this job matters. The hopes and dreams of the entire company depend on the job being done masterfully. The Sales Boss refers to a sales leader operating at peak performance and overseeing a team of people that outperforms the competition.
