words that have either the same spelling and meaning as their English and Italian counterparts or contain easily recognizable English and Italian meanings. This guide jump-starts the student into a knowledge of Spanish or English or Italian, or all three, by concentrating on easily recognizable words common to these languages. It teaches a basic vocabulary by word association. This guide is designed after the "vocabulary first" method of language instruction as advocated by the author. The student then is taught how to structure a particular vocabulary into meaningful sentences and concepts.
