major military power during and after World War II also fueled government growth. The growth of urban and suburban areas in the postwar period made expanded public services more feasible. Greater educational expectations led to significant government investment in schools and colleges.

The Growth of Government in the United States

During the 1800s, American citizens packed up and headed West to the new unknown land of the United States of America. Western expansion was a great part of the growth of the United States because it gave Americans new land to settle, expanded its economy, and made the United States a world power.
