Netanyahu said Biden was acting like World War era US President Franklin Roosevelt, who could have bombed train tracks in Poland before Holocaust victims were transported to their deaths in Auschwitz.

A rigorously researched narrative of the record of the Roosevelt Administration.

A contentious debate lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler ' s Europe. FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure but whose moral leadership was tempered by the political realities of depression and war.

Based on recently discovered documents, The Jews Should Keep Quiet reassesses the hows and whys behind the Franklin D. Roosevelt administration's fateful policies during the Holocaust. Rafael Medoff delves into difficult truths: With FDR's consent, the administration deliberately suppressed European immigration far below the limits set by U.S. law. His administration also refused to admit Jewish refugees to the U.S. Virgin Islands, dismissed proposals to use empty Liberty ships returning from Europe to carry refugees, and rejected pleas to drop bombs on the railways leading to Auschwitz, even while American planes were bombing targets only a few miles away--actions that would not have conflicted with the larger goal of winning the war. What motivated FDR? Medoff explores the sensitive question of the president's private sentiments toward Jews. Unmasking strong parallels between Roosevelt's statements regarding Jews and Asians, he connects the administration's policies of excluding Jewish refugees and interning Japanese Americans. The Jews Should Keep Quiet further reveals how FDR's personal relationship with Rabbi Stephen S. Wise, American Jewry's foremost leader in the 1930s and 1940s, swayed the U.S. response to the Holocaust. Documenting how Roosevelt and others pressured Wise to stifle American Jewish criticism of FDR's policies, Medoff chronicles how and why the American Jewish community largely fell in line with Wise. Ultimately Medoff weighs the administration's realistic options for rescue action, which, if taken, would have saved many lives.

"Published by the University of Nebraska Press as a Jewish Publication Society book."

The year was 1932. At age fourteen Robert Beir ' s journey through life changed irrevocably when a classmate called him a " dirty Jew. " Suddenly Beir encountered the belligerent poison of anti-Semitism. The safe confines of his upbringing had been violated. The pain that he felt at that moment was far more hurtful than any blow. Its memory would last a lifetime. Beir ' s experiences with anti-Semitism served as a microcosm for the anti-Semitism among the majority of Americans. That year, a politician named Franklin Delano Roosevelt ascended to the presidency. Over the next twelve years, he became a scion of optimism and carried a refreshing, unbridled confidence in a nation previously mired in fear and deeply depressed. His policies and ethics saved the capitalist system. His strong leadership and unwavering faith helped to defeat Hitler. The Jews of America revered President Roosevelt. To a young Robert Beir, Roosevelt was an American hero. In mid-life, however, Beir experienced a conflict. New research was questioning Roosevelt ' s record regarding the Holocaust. He felt compelled to embark on a historian ' s quest, asking only the toughest questions of his childhood hero, including: • How much did President Roosevelt know about the Holocaust? • What could Roosevelt have done? • Why wasn ' t there an urgent rescue effort? In answering these questions and others, Robert Beir has done a masterful job. This book is graphically written, well-researched, and provocative. The portrait depicted of a man he once thought to be morally incorruptible amidst a circumstance of moral bankruptcy is truly unforgettable.

No event shaped the twentieth century more than World War II, and no leader shaped the conduct of the war and the formation of the modern world more than President Franklin D. Roosevelt. In this anthology, leading scholars examine Roosevelt's role in the international arena, focusing on his diplomacy with Europe, Russia, the Baltic States, Canada, and the Caribbean; his relations with American Jews in the face of the Holocaust; his military appointments; and the operation of the Civilian War Services Division.

"State of the Union Addresses" by Franklin D. Roosevelt. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten - or yet undiscovered gems - of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Looks at the relationship Franklin D. Roosevelt had with a variety of influential Jews and examines their actions and inactions regarding the Jewish Holocaust in Euorpe during World War II.

It was not inevitable that World War II would end as it did, or that it would even end well. 1944 was a year that could have stymied the Allies and cemented Hitler's waning power. Instead, it saved those democracies-but with a fateful cost. 1944 witnessed a series of titanic events: FDR at the pinnacle of his wartime leadership as well as his re-election, the planning of Operation Overlord with Churchill and Stalin, the unprecedented D-Day invasion, the liberation of Paris and the horrific Battle of the Bulge, and the tumultuous conferences that finally shaped the coming peace. But on the way, millions of more lives were still at stake as President Roosevelt was exposed to mounting evidence of the most grotesque crime in history, the Final Solution. Just as the Allies were landing in Normandy, the Nazis were accelerating the killing of millions of European Jews. Winik shows how escalating pressures fell on an all but dying Roosevelt, whose rapidly deteriorating health was a closely guarded secret. Here then, as with D-Day, was a momentous decision for the president. Was winning the war the best way to rescue the Jews? Was a rescue even possible? Or would it get in the way of defeating Hitler? In a year when even the most audacious undertakings were within the world's reach, including the liberation of Europe, one challenge-saving Europe's Jews-seemed to remain beyond Roosevelt's grasp. Winik provides a stunningly fresh look at the twentieth century's most pivotal year. 1944: FDR and the Year that Changed Historyis the first book to tell these events with such moral clarity and unprecedented sweep, and a moving appreciation of the extraordinary struggles of the era's outsized figures.
