Domestic abuse is a national emergency: one in four Australian women has experienced violence from a man she was intimate with. But too often we ask the wrong question: why didn't she leave? We should be

Get Free Main Catalogue Lavorwash

asking: why did he do it?
Investigative journalist
Jess Hill puts perpetrators
- and the systems that
enable them - in the
spotlight. See What You Made
Me Do is a deep dive into
the abuse so many women and

Get Free Main Catalogue Lavorwash

children experience - abuse that is often reinforced by the justice system they trust to protect them. Critically, it shows that we can drastically reduce domestic violence - not in generations to come, but

today. Combining forensic research with riveting storytelling, See What You Made Me Do radically rethinks how to confront the national crisis of fear and abuse in our homes. 'A shattering book: clear-

in its honesty this book

An authoritative and entertaining exploration of

Australia's distinctive birds and their unheralded role in global evolution
Renowned for its gallery of unusual mammals, Australia is also a land of extraordinary birds. But unlike the mammals, the

Get Free Main Catalogue Lavorwash

birds of Australia flew beyond the continent's boundaries and around the globe many millions of years ago. This eye-opening book tells the dynamic but little-known story of how Australia provided the world with

Get Free Main Catalogue Lavorwash

songbirds and parrots, among other bird groups, why Australian birds wield surprising ecological power, how Australia became a major evolutionary center, and why scientific biases have hindered recognition of

Get Free Main Catalogue Lavorwash

these discoveries. From violent, swooping magpies to tool-making cockatoos, Australia's birds are strikingly different from birds of other lands—often more intelligent and aggressive, often larger and

Get Free Main Catalogue Lavorwash

longer-lived. Tim Low, a renowned biologist with a rare storytelling gift, here presents the amazing evolutionary history of Australia's birds. The story of the birds, it turns out, is inseparable from the

story of the continent
itself and also the people
who inhabit it.
