The main thesis of The Keys to Avalon: the true location of Arthur's Kingdom revealed (Blake, S & Lloyd, S; Shaftesbury: Element, 2000) is that 'the stories about Arthur and Avalon are rooted firmly within historical events which took place within a precise geographical setting in Wales'. They believe that the origin of the belief in Arthur as a pan-British leader with roots in Cornwall is in Geoffrey of Monmouth's 'mistranslation' of place names given by his source in Middle Welsh.

The first book to present the true identity of the mythic figure Merlin □ Uncovers historical evidence that the legend of Merlin was based on the life of a real man □ Reveals that Avalon, Merlin's final resting place, was an island in the United States The legendary figure Merlin is known throughout the world as the wizard of Camelot who was counselor to King Arthur and helped that monarch create the Round Table. Through the course of a 20-year investigation Graham Phillips has uncovered evidence that this famous story was based on the life of an actual historical figure: the son of a Roman consul who became the last of the Romans to rule Britain in the fifth century A.D. Furthermore, the evidence reveals that he died and was buried in what is now the United States. According to legend, Merlin ended his life on the mystical island of Avalon. A 1500-year-old saga tells how Merlin left Britain on a boat bound for a mysterious island to the west. The places described in Merlin's voyage, Phillips argues, would only have been seen by someone who had journeyed to the New World. For example, the island where boiling fountains bubble from the ground could be the geysers of Iceland, and the island with rivers of ice, the glaciers of Greenland. During his research Phillips discovered that a site believed to be Merlin's grave was found by the first British settlers in North America: a secret location said to have been preserved in the works of William Shakespeare and the coded writings of the Freemasons. Phillips follows a trail of historical clues that leads ultimately to a mysterious New England tomb. Here a final encrypted message not only reveals the whereabouts of Merlin's grave but contains evidence that Merlin's descendants still survive and, through a merger with the Spencer family of Princess Diana, may once again ascend the British throne.

A Guyanese girl must find the balance between her parents' "old world" expectations and traditions while pursuing her dream of being a great trumpeter in this contemporary, coming-of-age story, written by an #OwnVoices author. Nira Ghani has always dreamed of becoming a musician. Her Guyanese parents, however, have big plans for her to become a scientist or doctor. Nira's grandmother and her best friend, Emily, are the only people who seem to truly understand her desire to establish an identity outside of the one imposed on Nira by her parents. When auditions for jazz band are announced, Nira realizes it's now or never to convince her parents that she deserves a chance to pursue her passion. As if fighting with her parents weren't bad enough, Nira finds herself navigating a new friendship dynamic when her crush, Noah, and notorious mean-girl, McKenzie "Mac," take a sudden interest in her and Emily, inserting themselves into the fold. So, too, does Nira's much cooler (and very competitive) cousin Farah. Is she trying to wiggle her way into the new group to get closer to Noah? Is McKenzie trying to steal Emily's attention away from her? As Farah and Noah grow closer and Emily begins to pull away, Nira's trusted trumpet "George" remains her constant, offering her an escape from family and school drama. But it isn't until Nira takes a step back that she realizes she's not the only one struggling to find her place in the world. As painful truths about her family are revealed, Nira learns to accept people for who they are and to open herself in ways she never thought possible. A relatable and timely contemporary, coming-of age story, *In the Key of Nira Ghani* explores the social and cultural struggles of a teen in an immigrant household.
