The portable radio was an innovation by the Zenith company, which released the first version in 1924. It was followed in 1926 with the first portable radio that could run completely on electricity from a household outlet. Dating the age of your Zenith radio can help you determine the value and overall rarity.

guide to early Zenith
radios. Hard cover, 433
color photographs, 219
diagrams, 256 pages.

A.R.C. Marketplace: The Early Zenith Radios: The Battery ...

Zenith was founded in 1923 and quickly became one of the world's largest radio manufactures. By the 1930s, Zenith had several large factories in the Chicago area, producing radio chassis, cabinets, and other electronics. Today, one Zenith model in particular is regarded as the most sought after antique radio on the planet.

History and Product begins with an exploration of the history of the corporation from 1936-1945 in a profusely researched and illustrated way.

ZENITH RADIO THE GLORY YEARS 1936-1945 IL: Illustrated ...

Led by entrepreneur and explorer Commander Eugene F. McDonald, Jr., Zenith Radio Corporation was incorporated in 1923. The young company's early accomplishments included the world's first portable radio (1924), the first home radio receivers to operate on household current (1926), and the first automatic push-button radio tuning (1927).
